- Spinner Assembly made in 316 Stainless Steel
- Agri-Cover SRT Tarp Assembly

- Available in 11', 12', 13' and 14' (depending on chassis type)
- Hydraulic Drive
- In-Cab Controls
- Scale System
- 304 Stainless Steel Hydraulic Oil Tank
- Rear Mounted Camera
- LED Work Lights
- Stainless Steel Bearings

The Chandler Litter Treatment Spreader is designed for maximum performance when applying materials such as PLT. The hopper is manufactured from 304 grade stainless and the spinner guard and shields are manufactured from 316 grade stainless to handle these corrosive materials. Utilizing a 12" stainless steel auger instead of a conventional chain helps extend chassis life.
